Professional Summary

Recent B.Tech graduate in Information Technology with hands-on experience developing full-stack web and offline-first mobile applications, REST APIs, dashboards, and AI-enabled solutions. Skilled in Java, JavaScript, React.js, Node.js, SQL/MySQL, and Flutter, with knowledge of database management, cloud integration, and user-focused application development.

Technical Skills

Programming: Java, JavaScript (ES6+), SQL, Dart
Frontend: HTML5, CSS3, React.js, Bootstrap, Tailwind CSS, React Router, Responsive Web Design
Backend: Node.js, Express.js, REST APIs
Databases: MySQL, SQLite (Drift), Firebase Firestore, Supabase
Mobile & State Management: Flutter, Riverpod
AI & Tools: Generative AI, Prompt Engineering, AI-Assisted Development, Git, GitHub, VS Code, Eclipse, Figma

Projects

Insight Tracker – Expense & Habit Tracker *Flutter, Dart, Drift, SQLite, Riverpod, Supabase*

- Built an offline-first mobile app for expense logging, category-based filtering, search, CSV export, daily habits, and streak tracking.
- Developed insights for monthly spending, top expense categories, 7-day habit completion, and six-month spending trends.
- Integrated Supabase email authentication and cloud sync with Row Level Security while keeping local data accessible offline.

Annual Report Portal for University *HTML, CSS, JavaScript, Node.js, Express.js, MySQL*

- Developed a full-stack application to collect, validate, manage, and organize university departmental data.
- Implemented role-based authentication, responsive interfaces, backend validation, search, and filtering.
- Built Chart.js dashboards and automated PDF/Excel report generation for data analysis and reporting.

ResumeAI – AI-Powered Resume Analyzer *React.js, JavaScript, Node.js, Express.js*

- Built a platform to compare resumes with target job roles and identify relevant skills, missing keywords, and skill gaps.
- Implemented ATS-style scoring, prompt-based recommendations, insights dashboards, and frontend-backend REST API integration.
- Designed an interactive dashboard to present resume analysis results, skill gaps, and actionable recommendations for improving job-role alignment.

Experience

Full Stack Java Developer Trainee – TAP Academy *Jul 2026 – Present*

- Building practical skills in Core Java, Spring Boot, SQL, frontend development, and REST API integration.
- Practising debugging, database operations, and application development through technical assignments.

AI + Sustainability Virtual Intern – IBM SkillsBuild / AICTE *2025*

- Analyzed AI-based problem statements and developed structured solutions through project-based activities.
- Created technical documentation, workflow diagrams, and solution proposals.
- Applied analytical thinking and AI concepts to explore sustainability challenges and communicate potential solutions.

Education

Alliance College of Engineering and Design, Alliance University Bengaluru, India
B.Tech in Information Technology 2022–2026
CGPA: 7.2/10.0

Certifications

- Oracle OCI AI Foundations Associate – Oracle, 2025
- React Front-End Development – Coursera, 2025
- Flutter Development – Infosys, 2025
- Strategic Communication for Sustainable Development – NPTEL, IIT Kharagpur, 2025

Achievements & Activities

University Kabaddi Tournament – First Prize (2025), competing against 30+ teams
| Placement Training Bootcamp (2025)
